The following is a motto every married man should read, since the opening of saloons in Valley City:

Start a saloon in your own house. Be the only customer. You will have no license to pay. Go to your wife and give her \$2 to buy a gallon of whiskey and remember there are 69 drinks in one gallon.

Buy your drinks from no one but your wife, and by the time the first gallon is gone she will have \$8 to put into the bank and \$2 to start business again.

Should you live ten years, and continue to buy booze from her, and then die with snakes in your boots, she will have money enough to bury you decently, educate your children, buy a house and lot, marry a decent man and quit thinking about you.

Fortified Tires

## 104,000 Men

In the jungles and fields, in our factories, etc., 104,000 men are employed to meet the demand for Goodyear tires.

No other tire commands anywhere near such favor. And this spring has shown, in sales to dealers, an increase of 52 per cent.

Some Goodyear supremacies can be seen at a glance. Compare size and thickness with the average tire. Compare number of fabric plies.

Prices Down

Goodyear has made in about two years three great price reductions, totaling 45 per cent. The last was on February 1st. Our matchless output enables a value which no other maker can duplicate.

The reason is, we fortify our tires. We give the best that others give, plus five exclusive features. In costly ways, employed by no one else, we combat:

Rim-Cuts Insecurity  
Blowouts Punctures  
Loose Treads Skidding  
And we never skimp. Despite all price reductions, Goodyears are better than ever. Lately we have added
